

GUJJALA SRI SAHITHI

 444srisahithi@gmail.com

 9390989416

 Rajam, Andhra Pradesh, 532127

Profile

I am a dedicated and self-motivated Information Intelligence student with hands-on experience in Java, machine learning, deep learning, and web development. Skilled in building efficient software solutions and web applications. Strong understanding of data-driven development and backend technologies. Eager to apply technical knowledge to real-world challenges.

Education

B.Tech in Information Technology

GMR Institute of Technology

CGPA: 9.1

2022 – 2026

Rajam, India

Intermediate (MPC)

Bhaskara Junior College

Percentage: 90

2020 – 2022

Parvathi Puram, India

Secondary Education

St Joseph's Girls High School

Percentage: 99

2019 – 2020

Parvathi Puram, India

Professional Experience

Java Programming (NSQF EXEMPTED), MSME Training Centre (June,24 to July,24) Vishakhapatnam, India

- Engaged in a month-long internship focused on learning core Java principles and real-world applications.
- Contributed to Java-based service projects, implementing solutions to improve application performance and scalability.
- Collaborated with senior developers to debug, test, and deploy Java modules in a team-based environment.

Skills

Programming languages

Python, Java

Frontend-Backend

HTML, CSS, JS

Tools and Technology

Machine Learning, Web Development Frameworks,

CS Core

SQL

Projects

Personal Finance Manager: A smart Way to Track Income and Expenses.

- Uses machine learning algorithms like Random Forest and Linear Regression for transaction categorization and expense forecasting.
- Built with React JS and CSS to provide a responsive and interactive user interface.
- Includes tools like budget planner, spending alerts, and data import/export using CSV files.
- Backend developed with Flask and Python, using Pandas and NumPy for efficient data handling.

Certificates

Java Programming (NSQF EXEMPTED)
MSME Training Centre

Introduction to Java
Coursera

Analyzing and Visualizing with Power BI
EDX

Data Analytics Basics for Everyone
EDX

Machine Learning with Python: A Practical Introduction
EDX

Introduction to Generative AI
Coursera

Achievements

- Participated in Web-O-Tsav conducted by Step-cone 2024 Fest in GMRIT.
- Received awards for **“EXCELLENCE IN GAMES”** in Powerlifting and Athletic.

Personality Traits

Self-Learning

Effective Presentation Skills
