Career Objective

Motivated Computer Science graduate specializing in Artificial Intelligence and Data Science, with strong skills in programming, problem-solving, and Web development. Seeking an entry-level role to apply technical knowledge in building scalable and intelligent software solutions while continuously learning and growing in a dynamic organization.

Education

GMR Institute of Technology B.Tech in Computer Science Engineering (AI & DS)	Aug 2023 – April 2026 CGPA: 9.25
Kakinada Institute of Engineering Diploma in Computer Science Engineering	Aug 2020 – Jun 2023 Percentage: 82.68
MJPAPBCWR School SSC (State Board of AP)	Jun 2019 – Mar 2020 Percentage: 90

Skills

Programming Languages: Python, Java, SQL
Web Technologies: HTML, CSS, JavaScript, React
Libraries & Tools: NumPy, Pandas, Matplotlib, Seaborn, Power BI
Concepts: Data Structures, OOP, DBMS, Operating Systems, Machine Learning, Deep Learning, Computer Vision
Soft Skills: Communication, Teamwork, Problem Solving

Projects

Automated Road Damage Detection Using Computer Vision
Developed an AI-based system to detect road damages such as cracks and potholes using YOLOv8. Enabled real-time detection on images, videos, and webcam input, improving efficiency and reducing manual inspection efforts.
Technologies: Python, YOLOv8, OpenCV, Streamlit

Facial Recognition for Real-Time Attendance Monitoring
Developed a real-time attendance system using facial recognition for fast and contactless identification in dynamic environments.
Technologies: Deep Learning, HTML, CSS, JavaScript, React

Online Exam Website using React and Flask
Built a secure full-stack web application for conducting online exams with automated evaluation, real-time timer, and instant results.
Technologies: React.js, Flask, PostgreSQL

Internships

Rompit Technologies Pvt Ltd Jul 2025 – Nov 2025
Developed an online examination system with secure authentication and automatic result generation. Gained experience in full-stack development and teamwork.

Silicon Info Systems (SIS) Dec 2022
Hands-on training in networking including LAN setup, IP configuration, and troubleshooting.

Certifications

SQL (Basic & Intermediate) **HackerRank**
Generative AI **L&T EduTech**

Python Essentials 1 & 2 **Cisco Networking Academy**
Introduction to Generative AI **Google**

Achievements

Secured 2nd Prize in “Data Craze” at STEPCONE 2025 (GMRIT)
Certificate of Merit ABHIYAAN 2020
Team Leader Managed team collaboration
