SUMMARY

AI Engineer with hands-on experience in Machine Learning, NLP, Deep Learning, and Generative AI. Skilled in building AI-powered applications using Python, TensorFlow, and modern ML frameworks with a strong passion for intelligent and scalable solutions.

TECHNICAL SKILLS

Programming : Python, SQL, C, C++

Frameworks & Libraries : TensorFlow, scikit-learn, Keras, NLTK, Hugging Face Transformers, Pandas, NumPy, Matplotlib, Seaborn

Coursework : Machine Learning, Deep Learning, Natural Language Processing

Tools & Platforms : Git, GitHub, VS Code, Jupyter Notebook, Docker, Power BI, MS Excel

Soft Skills : Problem Solving, Communication, Team Collaboration, Critical Thinking, Time Management, Adaptability, Attention to Detail

EXPERIENCE

Artificial Intelligence / Machine Learning

DEC 2025 - FEB 2026

SmartBridge Pvt.Ltd.

- Gained hands-on experience in AI/ML, data analysis, and model development using Python. Worked on real-world machine learning applications and intelligent systems.
- Explored data preprocessing, model training, evaluation, and deployment concepts. Strengthened problem-solving and analytical skills through project-based learning.

PROJECTS

Self-Driving Car using Deep Neural Networks

TensorFlow, Keras, scikit-learn, CNN

- Built a self-driving car model using Udacity's simulator environment with Convolutional Neural Networks (CNN).
- Applied data augmentation and ELU activation functions to improve model performance and accuracy.

Sentiment Analysis on IMDB Movie Reviews

Python, NLP, scikit-learn, TF-IDF

- Developed an NLP-based sentiment analysis model using Bag of Words (BoW) and TF-IDF vectorization.
- Achieved 89.5% accuracy using Logistic Regression and SVM with GridSearchCV optimization.

Loan Approval Prediction System

Python, Machine Learning, Random Forest

- Built a machine learning model on 600+ records for loan approval prediction using Random Forest and other ML algorithms.
- Applied SMOTE, One-Hot Encoding, and GridSearchCV, achieving 93% accuracy with Random Forest.

EDUCATION

Aditya College of Engineering and Technology

B.Tech in Computer Science and Engineering (Internet of Things) – 7.2

Kakinada, Surampalem

Oct 2022 – Apr 2026

Bhashyam Junior College

Intermediate (M.P.C) – 88.6%

Rajahmundry

Jun 2020 – Apr 2022

CERTIFICATIONS

ReactJS – Infosys | Machine Learning Beginner – Infosys | C++ Programming – GeeksforGeeks | Git & GitHub Essentials – IBM
