Projects

NOURISHING HEARTS – Food Waste Management System 2023-2024

- Nourishing Hearts is a web-based application designed to manage food waste efficiently.
- The platform connects food donors (restaurants, hotels, and individuals) with NGOs and shelters, ensuring excess food reaches those in need.
- The system incorporates real-time tracking, donor authentication, and request management to streamline food redistribution and minimize wastage.
- Technologies Used: HTML, CSS, JavaScript, React, Node.js, DBMS

EARN WHILE LEARN – Part-time Job Finder for students 2023-2024

- Earn While Learn is a web-based application that helps students find part-time job opportunities that align with their schedules.
- The platform allows employers to post jobs, and students can filter listings based on location, job type, and skill requirements. It features an interactive dashboard, resume uploads, and an AI-based recommendation system for job matching.
- Technologies Used: HTML, CSS, JavaScript, React, Node.js, DBMS

ALCONN – Student Alumni Connection Platform 2024-2025

- Designed and developed a full-stack web platform to connect students with alumni for mentorship, job opportunities, and career guidance.
- Technologies Used : HTML, CSS, JS, Node.js, Express, MongoDB, AIML

WedScape —The wedding management system April 2025

- Built a full-stack Wedding Management System unifying guest, vendor, and budget workflows into one platform.
- Designed a process-driven architecture with authentication and responsive UI, enabling execution and scalability.
- Technologies Used : Java, JSP, PostgreSQL

Skills

- Programming: C, Java, Python
- Web Technologies: HTML, CSS, JavaScript, React.js, Node.js, Express.js
- Database: MySQL, PostgreSQL, MongoDB, DBMS Concepts
- Cloud: AWS (EC2, S3, IAM, VPC – Fundamentals)
- Core Concepts: Data Structures, Networking Basics, OOP
- Tools: Git, MS Office, MS Excel, PowerBi, Tableau
- Soft Skills: Problem Solving, Self-learning

Certificates

- NetaCad by CISCO | Networking.
- NPTEL programming in Java.
- Microsoft SQL Certification Training
- AWS Academy Graduate – Cloud Foundations | Amazon Web Services |

Achievements

- Certificate of appreciation in SAWIT.AI Learnthon
- Winner – Osmania Coding Contest (Infinity 2K24)
